

BREAST CANCER SUPPORT GROUP (ST AUSTELL) EST JUNE 2003

Treverbyn Community Hall, Stenalees

Last Tuesday of each month at 7–9pm

We are a self-supporting group offering anyone who is recently diagnosed, going through treatment, finished, living with or has been affected by breast cancer a safe welcoming place to meet others who have been on that journey. We offer friendship, support and practical help, ie. lift to hospital. We aim to increase confidence, widen interests and to look forward. Everything is treated in a confidential matter.

We have a variety of speakers throughout the year and a couple meals out. There is always time for a chat and sharing over a cup of tea or biscuit. We ask people to contribute £2 and bring a small raffle gift, eg packet of biscuits or hand cream each month. We donate money to and support other local causes.
